

Looking for an innovative way to address sportsmanship with your parents?

*WON80 is proud to present:*

# SUPPORTSMANSHIP

Let WON80 assist you in educating your public about:

- ★ the negative impact poor sportsmanship is having at the youth and high school levels
- ★ practical strategies to become more supportive as a sport parent

Be proactive in addressing this growing challenge by securing a presentation for your school today. The 50 minute format is ideal for your back to school student-athlete registration night or a reminder between sport seasons. Bookings currently being accepted.

**PRESENTATION FEE - \$125 plus mileage**

**Here is what others are saying about SUPPORTSMANSHIP:**

“Mark came to our activities code meeting for students and parents this summer. I couldn’t be happier with his presentation on SUPPORTSMANSHIP. I have had many parents come to me since and say what a great presentation/message Mark brought to Cassville. We all need a reminder on how to demonstrate sportsmanship as a parent, teacher, student, or community member. Mark is clearly passionate about this topic. If your school has not had Mark present before, I would highly recommend it.”

*Chad Infield - Dean of Students/Activities Director - Cassville Schools*

“Mark gave a great presentation on "SUPPORTSMANSHIP" to the athletes, parents and coaches at Royall High School. His message to the parents and coaches was spot on in regards to modeling behaviors that will positively influence our student/athletes. As an extension of the classroom, we need to make sure we are "teaching" our athletes real life skills that will allow them to be successful long after their days on the court/field are over. Mark's message about positive culture is one that I will see continue at Royall.”

*Scott Uppena - Principal and Head Boys Basketball Coach - Royall Middle/High School*
